June 7, 2017.

Dear colleagues,

It's our pleasure to invite you to participate on the "Adverse Reactions of Immunoglobulin Therapy in Primary Immunodeficient Patients" project to be started immediately at the Latin American Registry of Primary Immunodeficiencies.

The system is online at <https://registrolasid.org/>, you must click on the link projects: "Adverse Reactions of Immunoglobulin Therapy in Primary Immunodeficient Patients". To get access to the General Registry it is necessary to obtain a username and password with Mr Eliel Gonçalves (lagid.adm@gmail.com) the system's manager. If you are already registered at LASDI Registry Data base it is just starting reporting IG side effects according to the questionnaire.

For new users, your password will be sent soon after following the rules bellow

- 1) Confirm receiving the Terms of Informed Consent for Adults and Children
- 2) Sign the Term of Responsibility and Access to the Data Base. In this case we request you to send this term dated and signed
- 3) The Brazilians should validate the project and the Term of Consent
- 4) The other Latin-American centers should validate the project according to their local ethic research rules

We look forward to your participation in the project. If you have any questions about it, please feel free to contact us.

Sincerely,

Cristina Frias Sartorelli de Toledo Piza, MD
Professor of Medicine
São Leopoldo Mandic Medical School
